Margaret Fanelli

To Whom It May Concern:

This letter serves to express our appreciation for Setrak Agonian, President of International Creative Metal Inc. for his professionalism and craftsmanship in the contractual relationship with Cellini Lodge #2206, Order Sons of Italy in America.

Late in 1991, Mr. Agonian entered into a contract agreement with Cellini Lodge, to do the metal work and the art work for a commorative monument to celebrate the Quincentennial Discovery of the New World, 1492-1992.

We of the Sons of Italy have nothing but words of praise for Mr. Agonian. He is a true craftsman and a real professional, he has cooperated with the monument committee from the shop drawings design phase, through the fabrication and the installation of the final product. Not only was he attentive to our needs, but he also cooperated to the fullest extent and got along well with other prime contractors performing work of other components of the monument.

He completed his work on time without any cost increase to the original contract amount.

Mr. Agonian is a very proud individual, he takes his work very serious, he puts a lot of his heart into the project. He is a perfectionist and we recommend him very highly.

Anthony D'Urso  
Project Director/  
Designer/ Chairman  
of the Monument  
Committee

Sincerely,
