Woodside, New York 11377

Dear Mr. Agonian,

I wish to express our thanks and admiration for the work your company performed at the Conference Facility for Metromedia Inc.

The intricate and complicated bronze work supplied for the pair of custom doors in preparation of the application of \$800,000.00 worth of bronze sculpture was indeed a feat of mature craftsmanship. We also are appreciative of your advisement relative matters over and above your contracted obligations.

We very definitely look forward to the opportunity of working with you again,

Respectfully yours,

Anthony J. Di Santo
