To Whom It May Concern:

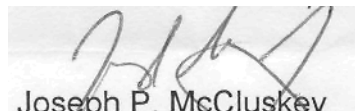

This letter serves to express our appreciation for Setrak Agonian, of International Creative Metal Inc. for his professionalism and craftsmanship in the contractual relationship with Tower 49, 12 East 49th Street, N.Y., N.Y.

Mr. Agonian entered into a contract agreement with Tower 49 to fabricate two sets of security gates of stainless steel and marble for the lobby of a first class Midtown Manhattan office building. We have nothing but words of praise for the work performed. He is a true craftsman and professional, has cooperated from the shop drawings design phase, through the fabrication and the installation of the final product.

Mr. Agonian is a very proud individual and he takes his work very seriously. He put a lot of his heart into the project. He has proven to be a perfectionist and we recommend him very highly.

Very truly yours, HELMSLEY-
