Attn: Mr. Setrak Argonian

Dear Mr. Argonian,

i am writing this letter to commend and thank you for all of the excellent workmanship you and your staff have provided during the Rockefeller Center Redevelopment Project. Your personal attention to detail and excellent craftsmanship are evident in all of the distinct and original bronze creations you have supplied to Rockefeller Center. Also, your cooperation and willingness to work at any hour to meet a tight schedule are something that we do not see enough of in our industry.

Setrak, it was a pleasure working with you and your staff throughout this project and I look forward to working with International Creative Metals again in the future.
