Mr. Setrak O. Agonian International
Creative Metal, Inc. 37-28 61st Street
Woodside, New York 11377

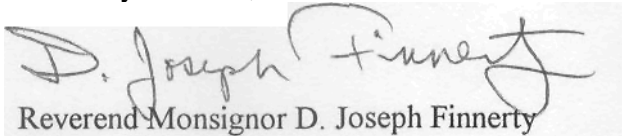

Dear Setrak,

When I came into St. Sebastian's Church today, I was greatly impressed with the restoration and installation of the lectern in our sanctuary. The artistic quality of the metal work, the gold plating, the high polish, and the professional installation is the finest that I have seen in any church of our diocese. I am very pleased with the beauty of your work which will be a source of inspiration to the many parishioners who will see it as they come to worship Almighty God.

You have placed your great talent at the altar of God. As the pastor of St. Sebastian's and in the name of the priests, sisters, and parishioners, I would like to express my sincere gratitude for your generous gift to our church.

Please know that as I leave this week for Rome, you and your special intentions will have a place in my prayers. When I celebrate Mass at St. Peter's and in the Holy Land, I shall remember you, dear friend. Your friendship and encouragement in my ministry here in Woodside is something I value very much.

Sincerely in Christ,

Reverend Monsignor D. Joseph Finnerty
Pastor
