Street Woodside, NY 11377-
2538

Dear Seth:

I would like to personally thank you for the tremendous effort that you and your company put into making the Stage Rail Project here at Radio City a success. Under immense schedule pressure you managed to maintain a high level of quality while working around the clock so as not to disturb our Christmas Spectacular performance.

Now that the project is complete, we can look back and appreciate this accomplishment. The rail not only provides the level of safety to our patrons that we required but is also truly a thing of beauty befitting this nationally landmarked space.

Thank you again for your efforts. We look forward with pleasure to working with you again on our continuing effort to renovate and upgrade the Music Hall.

Sincerely,

Joseph Pepe, A.I.A.
